

# ANCESTOR REGISTRY

As a service to our members, we will be maintaining this registry of the names and residences of ancestors. The purpose is to share research efforts with those who may be researching the same surnames. Contacts listed below may also have some historical information about the locations in Europe or the neighborhoods in America where their ancestors resided.

We hope you find this information useful in your family research and encourage you to contact the person who submitted the entry to learn more about these entries and, if appropriate, share your information.

If you are interested in participating in this exchange of information, please submit your information using the four headers below. You may e-mail your entry to [webcoordinator@palam.org](mailto:webcoordinator@palam.org). Or submit it in writing and send via USPS to Rich Salik at the address below.
