FAMILY MEMBERSHIPS

Family Membership applications follow the same instructions as the Individual Membership example above, except there is one more step in the process. Wild Apricot uses the term "Bundle" for memberships containing more than one person. **Our family memberships are restricted to two people living in the same household**, so these are considered "bundle memberships." One member of the family is designated "**Bundle coordinator**," and the other is a "**Bundle member**." All administration of a family bundle membership is handled by the family bundle coordinator. **Think "Family" whenever you see the word "Bundle."**

The person filling out the application form will be the Bundle coordinator. The profile for this person will include an "Add member" link where the coordinator should add the email address (if different from the coordinator) and name of the Bundle member.

The screenshot displays a user interface for membership details. It is divided into two main sections: "Membership details" and "Bundle summary".
